

RUNTAL LIMITED WARRANTY

When installed according to the applicable Runtal Operation and Maintenance Instructions and the applicable local, state, and federal building codes, all Runtal manufactured products carry a five year LIMITED WARRANTY (from the date of first operation, or from six months after the date of shipment, whichever comes first) covering defects in the original manufacture. The warrantee does not apply to damage from accident, misuse or alteration; or where the equipment has been improperly installed or wired or maintained or connected to an improper voltage in violation of the product's installation and operating instructions. This warranty is null and void if the product was improperly installed or operated incorrectly at any time. All claims for warranty work must be sent by certified mail and must be accompanied by proof of the date of installation.

The customer shall be responsible for all costs incurred in the removal or reinstallation of products, including labor costs and shipping costs incurred in the return of products to Runtal North America, Inc. The existence of a warranted defect shall be determined solely by Runtal North America, Inc., or by its authorized representative. Runtal North America, Inc. may, at its election, determine to repair or replace the product if under warranty. It is agreed that such repair or replacement is the exclusive remedy available from Runtal North America, Inc.

NO OTHER WARRANTY, EXPRESSED OR IMPLIED, EXISTS FOR RUNTAL PRODUCTS. INCIDENTAL AND CONSEQUENTIAL DAMAGES ARE EXCLUDED (EXCEPT IN STATES OR PROVINCES WHERE THIS EXCLUSION IS NOT PERMITTED) FOR ANY BREACH OF ANY EXPRESSED OR IMPLIED WARRANTY, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY.
