

Made-to-order Wall Panel Radiators by Runtal: VLX Series

- Perfect replacement for cast iron radiators
- Ideal under windows--allows curtains to hang to the floor
- Allows more flexible furniture placement

Runtal's wall panel style radiators are ideal for placement under windows or on walls where floor space is at a premium. When placed under windows, wall panels help eliminate cold spots and drafts, while allowing curtains to hang naturally to the floor. Simply choose the height and length that best suits your design and output requirements. Wall panels are available in lengths 20 inches to 29-1/2 feet in increments of 2 inches. Ten standard colors as well as an array of designer colors are available.

Wall panel radiators are available with or without **fins**. When hung, the radiators have the same appearance, however the addition of fins increases the output of the panels.

Available from 20 inches to 29-1/2 feet in width

		With Fins			Without Fins	
Number of Tubes	Height	Depth	Model Number	Heat Output* per ft.	Model Number	Heat Output* per ft.
5	14.4"	2"	VLX35/35	1240 BTUH	VX35	700 BTUH
6	17.3"	2"	VLX42/42	1430 BTUH	VX42	840 BTUH
7	20.2"	2"	VLX49/49	1620 BTUH	VX49	990 BTUH
8	23.1"	2"	VLX56/56	1810 BTUH	VX56	1130 BTUH
9	26.1"	2"	VLX63/56	1890 BTUH	VX63	1280 BTUH
10	29"	2"	VLX70/56	2020 BTUH	VX70	1420 BTUH
