

UF Standard Wall Panel Radiators by Runtal

- Perfect replacement for cast iron radiators
- Ideal under windows--allows curtains to hang to the floor
- Allows more flexible furniture placement

Runtal's standard Wall Panel style radiators are ideal for placement under windows or on walls where floor space is at a premium. When placed under windows, wall panels help eliminate cold spots and drafts, while allowing curtains to hang naturally to the floor. Simply choose the height and length that best suits your design and output requirements. Our standard UF Wall panels are available in two heights, 18" and 24" and four lengths 2', 3', 4' and 6' and are stocked for immediate delivery in Runtal white. We offer 9 other standard colors also which are available in a 10 to 14 day time frame.

Runtal also offers Made-to Order Wall Panels from 20 inches to 29-1/2 feet in increments of 2 inches, should your application require a custom solution.
