

## RSC Programmable Controller

Introducing Runtal's latest addition to our Electric Radiant heating line, the RSC Smart Programmable Controller. The RSC is a next generation timer, with sleek, modern design and intuitive programming. Works with Amazon Alexa and Google Assistant; no hub required. Designed specifically for line voltage electric heating applications, the RSC gives you full scheduling from anywhere that you have an internet connection (Neutral required). The RSC is designed to work perfectly with Runtal Electric towel warmers, giving you the best of both worlds for true comfort, and unmatched control and efficiency.

Please note: The RSC Controller is not thermostatically controlled.

- Single-pole or 3-way switches
- Sleek, Modern Design
- Remote Access from anywhere, no hub required
- Wi-Fi not needed for initial setup and scheduling
- Fully set and schedule at the timer or via the Ascend app
- Supporting mobile app available in the Apple App Store and on Google Play
- Automatic Daylight Saving Time (DST) Adjustment
- Three pre-programmed schedule templates for convenience
- Fully customizable scheduling for flexibility
- No Hub Required
- 2-Hour override function
